

CANADA'S PREMIER INLAND PORT

We are the Global Transportation Hub — western Canada's newest, fastest-growing inland port authority. We are both independent and self-governing. Doing business with us is fast and easy. Located in the heart of western Canada, we're home to a million sq. ft.

Loblaw Distribution Centre and CP Rail's state-of-the-art intermodal facility. Right now we have over 300 acres of prime, service-ready land for sale or lease. Already \$485 million in private sector investment — and we're just getting started.

**Come grow with us.
You'll be in good company.**

About the GTH

The GTH is a 1700 acre self-governing inland port tailored specifically for supply chain, logistics and transportation operations.

Reach Customers

The GTH is ideally situated within Canada's Asia Pacific Gateway and NASCO Corridor. Our integrated rail intermodal and highway infrastructure ensures quick turnaround and efficient transportation to reach your customers faster.

Accelerate ROI

The GTH offers the most competitively priced land in western Canada and a cost-effective, long-term operating environment. As an autonomous authority, we guarantee you deal directly with the final decision makers from concept to operations.

Develop Faster

Our greenfield environment lets you design exactly what you need from the ground up. Or if you require immediate facilities, choose space in the new multi-tenant industrial complex.

Increase Productivity

Our logistically superior design results in maximum efficiency for high volume truck movements. The GTH is all about speed, efficiency and productivity.

Reduce Business Risk

The GTH has a coordinated long-term vision and strategic partnerships aligned to support ongoing development. Our services are designed to meet the needs of 24/7/365 operations.
