

PROPOSAL EVALUATION PLAN

GTH Management Services Provider RFP

Introduction

This Request for Proposals (the RFP) is an invitation by the Global Transportation Hub (GTH) to prospective proponents to submit proposals to assume the marketing & sales, property management, and land development functions of the GTH, an 1800-acre inland port. These responsibilities are further described in Appendix A as The Deliverables.

The GTH is an entity of the Government of Saskatchewan responsible for the development, operation and regulation of the lands within its footprint. While the primary functions of development and operation will be outsourced, the regulatory function would continue to be delivered by the Provincial Government.

This document sets out the methodology that will be followed to evaluate responses to the RFP and identify a limited number of ranked proponents to enter into concurrent negotiations.

Objectives of the Evaluation Methodology

The methodology will help ensure that the evaluation process is transparent and robust, and that the best possible decision is made. The objectives of this document are to:

- Confirm the members of the Evaluation Team.
- Document the RFP evaluation method.
- Summarize the timelines and deliverables related to the RFP process.
- Document the approach for Evaluation Team members to use in order to fairly and equitably evaluate responses.
- Provide formal documentation of the evaluation process and the evaluation criteria.

Fairness Advisor and Observer

To ensure the procurement process follows accepted standards and is fair to both the GTH and proponents, MNP LLP (MNP) has been retained as a fairness advisor and observer.

Conflict of Interest

All individuals involved in the evaluation of RFP responses must declare any existing or potential conflicts of interest before taking part in the evaluation process.

Confidentiality

Through all phases of the evaluation, the confidentiality and security of proposals and the scoring process must be maintained. The evaluators shall not discuss the contents of submitted proposals, the evaluation process or evaluation results with any persons not supporting the Evaluation Team or outside of formal meetings of the Evaluation Team. All members of the Team should sign a Conflict of Interest and Confidentiality Declaration (separate attachment) prior to receiving the RFPs for evaluation.

Receipt of RFP responses

All proposals must be submitted in accordance with the RFP to the Acting President and CEO who will confirm that the proposals were received before the RFP closing date and time.

Proposal Eligibility

The Acting President and CEO will do an initial review of the proposals for eligibility/meeting the Mandatory Submission Requirements. The Evaluation Team Chair will also review the responses for eligibility.

Evaluation Team

The Evaluation Committee will read the RFP responses individually, determine an overall ranking of responses, and convene to make a decision regarding which proponent should be selected to enter into concurrent negotiations.

Evaluation Committee:

- Nithi Govindasamy Chair
- Rod Balkwill
- Cindy Ogilvie
- Greg Lusk
- Terry Baker
- Lionel LaBelle
- Doug Moen
- Matt Schroeder**

Evaluation Timetable

Individual evaluation scoring will be completed between April 22, 2019, upon receiving the proposals, and April 25, 2019 prior to the Evaluation Committee

Evaluation team to electronically submit their scoring matrix to the Evaluation Committee Chair, Nithi Govindasamy and Board Secretary, Kandace Monastyrski by 10:00 a.m. April 25, 2019, so the scores can be entered in time for the afternoon evaluation meeting.

Evaluation Process

Stages of Evaluation and Negotiation

• The GTH will conduct the evaluation of proposals and negotiations in the following stages:

Stage I – Mandatory Requirements:

- Stage I is expected to consist of a review to determine which proposals comply
 with the mandatory requirements. If a proposal fails to satisfy any mandatory
 requirement, the GTH may choose, in its sole discretion, to not evaluate the
 proposal further. The mandatory requirements are detailed in *Appendix A of RFP*Particulars
- Submission Form (Appendix D of RFP Particulars)
 - Each proposal should include a Submission Form, or a document containing the information requested, completed and signed by an authorized representative of the proponent.

Stage II – Evaluation:

- The GTH will evaluate each qualified proposal using the rated criteria as set out in Section D of the RFP Particulars (Appendix A), and the pricing particulars discussed in Section E of the RFP Particulars (Appendix A) and the Pricing Form (Appendix B).
- Pricing Form (Appendix B of RFP Particulars)
 - Each proposal should include a Pricing Form (Appendix B of RFP Particulars), or a document containing the information requested, completed in accordance with the instructions contained in the form.

Stage III - Concurrent Negotiations and BAFO

- Initial Ranking of Proponents
 - After the completion of Stage II, all scores from previous stages will be added together and the proponents will be ranked based on their total scores.
- Concurrent Negotiations and BAFO Process
 - The GTH intends to invite a limited number of ranked proponents to enter into concurrent negotiations. During these concurrent negotiations, the GTH may provide each proponent with additional information and may seek further information and proposal improvements. After the expiration of the concurrent negotiation period, each proponent will be invited to revise its initial proposal and submit its Best and Final Offer (BAFO) to the GTH. The purpose of the BAFO process is to provide the opportunity for two-way, open dialogue to refine proponent's bids to best suit the needs of the GTH and provide best overall value to taxpayers. The GTH will provide additional information and instructions to bidders at the outset of the BAFO process. It is anticipated that some details provided at the BAFO stage will be applicable to all proponents, while other details may be specific to each individual proponent and their specific bids.

- Evaluation of BAFO and Final Ranking of Proponents
 - Each BAFO will be evaluated by a committee against the criteria that will be confirmed with those proponents that are invited to the BAFO stage. The top-ranked proponents based on the evaluation of the BAFOs will receive a written invitation to enter into a final round of negotiations to finalize the agreement with the GTH.

Debriefs

- Notification to Other Proponents
 - Once an agreement is signed by the GTH with the successful proponent, the other proponents will be notified directly by the GTH. The GTH will communicate with proponents at key milestones to ensure they are apprised of overall progress.
- Debriefing
 - Proponents who submitted a proposal may request a debriefing after receipt of a notification of the outcome of the procurement process. All requests must be in writing to the RFP Contact and must be made within thirty (30) days of notification of the outcome of the procurement process. The intent of the debriefing information session is to aid the proponent in presenting an improved proposal in subsequent procurement opportunities. Any debriefing provided is not for the purpose of providing an opportunity to challenge the procurement process or its outcome.
